About

Experienced technical instructor with strong foundations in C/C++, Go and Lua, and formal training in management and organizational behavior from McGill University.
Skilled at bridging technical expertise with structured, empathetic human mentoring — focused on student progression, motivation, and long-term engagement.
Open-source contributor with 10k+ LoC on critical packages.

Skills

Technical: C/C++, Golang, Lua(u), Python, Flutter, Javascript, Haskell
DevOps & Tools: Git Toolchain, DevOps (Docker, Kubernetes), CI/CD pipelines
Pedagogy & Management: Organizational Behavior, Conflict Resolution, Team Dynamics, Constructivism, Cognitivism

Professional Experience

Epitech / IONIS — Technical Assistant & Instructor 2024 – 2025

- Taught and **individually mentored 400+ students** in C, C++, asm, and Haskell across multiple cohorts.
- **Identified struggling students early** and adapted teaching approach on a case-by-case basis to unblock them.
- Designed **interactive learning content** (quizzes, flipped classes, tutorials) to sustain engagement over time.
- Applied **pedagogical frameworks** (Constructivism, Cognitivism) to structure progression and reduce dropout.

Scout Leader & Youth Animator 2017 – 2023

- Managed groups of 15–20 children and teenagers in high-responsibility outdoor and educational settings.
- Adapted activities on the fly to individual needs, energy levels, and group dynamics while maintaining authority.
- Handled **crisis management and conflict resolution** to ensure a safe, inclusive environment under pressure.
- Communicated regularly with parents to provide structured pedagogical updates and address sensitive concerns.

Gno.land — Junior Software Engineer (Open-Sourced) 2025

- Developed 6+ core packages in Gnolang; found and fixed 6 critical bugs causing runtime crashes (+10k LoC).
- Wrote extensive tests under strict CI/CD and detailed code review policies.

Personal Projects

ZZZcript — Statically-typed functional language: lexer, parser, AST interpreter in Go.
libpng-roblox — Hand-built PNG decoder in Luau with 3D rendering and multithreading.
rodox — Modular C game engine with Lua scripting, ECS architecture, and runtime-loaded modules.

Education

Epitech, Paris 2022 – 2027
Master's Degree in Information Technology (Master's level diploma)
Level-7 Certification — Expert in Software Engineering

McGill University, Montréal 2025 – 2026
Certificate in Management
Coursework: Organizational Behaviour, Project Management, Accounting, Business Administration
Developed structured approaches to team dynamics, leadership frameworks, conflict management, and group decision-making.
